## SUMMARY

A developer with experience building web applications from scratch across multiple software language stacks. A driven military veteran with strong decision making and leadership skills. Eager to combine burgeoning software knowledge and strong customer focused skills to impact technology teams.

## EDUCATION

### CODING DOJO

2020 | Full Stack Web Development Coding Bootcamp

- 16 weeks intensive coding bootcamp: 1000+ hrs of full stack web development

## TECHNICAL SKILLS

**Languages:** Python, JavaScript, Java, HTML5, CSS **Frameworks/Libraries:** Flask, Bootstrap, jQuery, React, Express, Spring MVC, Spring Boot **Databases:** MySQL, MongoDB **Version Control Systems:** Git, Github

## PROJECTS

**Construction Website** | <https://github.com/CodingDojoCollab/TJLConst-Masteraster>

*A responsive Construction website that allows the users to see the projects the company has built, services they offer, and a form to contact the company.*

- Collaborated and built an end to end website for a construction company using React framework. Connecting the form to a Java backend and Mysql database.
- Communicated with a client, planned, designed and produced a responsive website with another team member using Github to store and collaborate between the team for an efficient agile build.
- **Technologies:** Node.js, React, Java, Spring MVC, Spring Boot, Bootstrap, Mysql, Git, Github

**Personal Website** | <https://ernestmummey.github.io/>

*A responsive web site design to show my portfolio*

- Designed and Developed a responsive site using React, Material UI and deployed it through Git Pages
- Implemented Material UI for more of a customized build of the website allowing a faster website speed
- **Technologies:** Node.js, React, Material UI, Git, Github

## EXPERIENCE

**UNITED STATES ARMY - Team Leader**

2011 - 2016 - Fort Bragg, NC

- Led and mentored a challenging team of 3 to 5 people, instructed readiness training and provided meaningful advice that ensured each team member was prepared to confidently make decisive decisions across operational goals. Leading to 7 team members being successfully promoted to team leaders.
- Earned multiple achievements awards (Army Commendation Medal, Army Presidential Unit Citation, Army Achievement Medal) for exemplary service, heroism, and meritorious achievements in high stress and often hostile environments throughout a combat deployment overseas
- Earned 2 early promotions for quickly learning job duties and superior roles to effectively lead and advise an adept team.

## ADDITIONAL WORK HISTORY

**MARSH CREEK MARINA - Forklift Operator**

2020 - 2021 - Wilmington, NC

**ROOSTER & THE CROW - Bartender**

2018 - 2019 - Wilmington, NC

**Marina Grill - Bartender**

2017 - 2018 - Wilmington, NC
